PREFATORY NOTE

This Directory follows closely the plan of recent editions. The principal change is the listing of all living graduates under each of the degrees which they have received at Yale upon examination, regardless of previous listing under other degrees. Thus each list of degree holders is complete in itself. Carrying out the same plan of inclusive record, the alphabetical index at the back of the volume lists all the Yale degrees received by each living graduate.

A graduate's own decision as to his occupation has been generally followed where this has been given. The classification, which is the same as that in the editions of 1908 and 1910, is as follows:

Art, Architecture, and Music	[*Art*]	Law and Judiciary	[*Law*]
Education	[*Ed.*]	Manufacturing	[*Mfg.*]
Engineering (including Forestry)	[*Eng.*]	Medicine	[*Med.*]
Farming and Ranching	[*Agr.*]	Mercantile Business	[*Merc.*]
Finance	[*Fin.*]	Ministry	[*Min.*]
Government (permanent civil and military service)	[*Gov.*]	Science	[*Sc.*]
Journalism and Letters	[*Lit.*]	Transportation	[*Trans.*]

Attention needs to be called, as in the past, to the fact that the totals under "Government" are smaller than actual conditions warrant, as many graduates engaged in government service prefer to classify themselves under "Law" or some other occupation which represents the main line of their life work.

This edition of the Directory marks the beginning of the fourth decade of the printing of address lists of Yale graduates. The first edition of such a publication appeared in 1872, edited by Mr. Franklin Bowditch Dexter, then Secretary of the College. It consisted of an address list of graduates of the Academical Department. Subsequent editions appeared in 1881, 1886 and 1889. In 1892 the scope of the publication was extended to include graduates of all departments. The editions which appeared in 1901, 1904, 1906, 1908 and 1910, under the direction of Rev. Anson Phelps Stokes, Jr., University Secretary, included several new features, among them the occupations of graduates, the locality and alphabetical indices, and statistical summaries of occupation and locality

distribution. In the present edition the Directory continues as the work of the University Secretary's Office.

It is requested that the Directory be used only for University and personal purposes, not as a general mailing list for advertising.

Alumni Registrar.

YALE COLLEGE

(ACADEMICAL DEPARTMENT OF THE UNIVERSITY)

BACHELORS OF ARTS

[NOTE: Previous Yale degrees with the year of their award are printed in parentheses following a graduate's name. At the conclusion of each class list is printed at the right of the page in parentheses the total number graduating in the given class, and to the right of that figure, without parentheses, the total enrollment of the class at present living. Class Secretaries are printed in bold face type. A dagger (†) at the left of a name indicates that a former non-graduate has been enrolled with his class because he has received an honorary degree from the University. The number of such names included in each class list is indicated by the figure at the right of the plus sign (+) bracketed with the figure indicating the total number of graduates in the class.]

BACHELORS OF PHILOSOPHY

[NOTE: Previous Yale degrees with the year of their award are printed in parentheses following a graduate's name. At the conclusion of each class list is printed at the right of the page in parentheses the total number graduating in the given class, and to the right of that figure, without parentheses, the total enrollment of the class at present living. Class Secretaries are printed in bold face type. A dagger (†) at the left of a name indicates that a former non-graduate has been enrolled with his class because he has received an honorary degree from the University. The number of such names included in each class list is indicated by the figure at the right of the plus sign (+) bracketed with the figure indicating the total number of graduates in the class.]
